EXAMINER'S AMENDMENT

1. This action is in response to the Appeal Brief filed 2/22/2006.
2. In view of the appeal brief filed on 2/22/2006, Applicant's arguments, with respect to claims 1-12 and 14-20 have been fully considered and are persuasive. The rejection of claims 1-12 and 14-20 has been withdrawn and claims 1-12 and 14-20 are allowed.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Steven Ormiston (Reg. 35,974) on 3/17/2007.

The applicant agreed to cancel claim 21.

Examiner's Statement of Reason(s) for Allowance

3. Claims 1-12 and 14-20 (renumbered 1-19) are allowed.
4. The following is an examiner's statement of reasons for allowance:

The closest prior art of record, i.e. Henry (US Patent 6,681,392), taken alone or in combination, fail to teach or fairly suggest at least: installing associated peripheral software of peripheral in response to an initialization of the device driver during an

installation of the device driver and then completing installation of the device driver as recited in independent claims 1, 8, and 14.

While Henry discloses remotely installing peripheral software including printer drivers and utilities by a script with particular options, ultimately Henry does not state that the script contains a list of commands to install the utilities in response to an initialization of the driver during an installation of the driver and then completing installation of the driver.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
